

PEACE IN MEXICO DOOMED IN PARLEY?

MASONS RETURNS TO FALLS
WITH WILSON'S REFUSAL
TO CANGE ATTITUDE.

UP TO HUERTA'S MEN NOW

Little Likelihood His Agents Will
Consent To Rebel as Provisional
President. No Hope at Niagara.

(Associated Press.)
Buffalo, N. Y., June 20.—"I never
was more confident of the ultimate
success of mediation," said Minister
Naon here enroute to Niagara Falls.

Niagara Falls, Ont., June 20.—
The Mexican delegates to the media-
tion here today received a telegram
from the consul of their government
at El Paso, that Gen. Villa has issued
a statement addressed to the Ameri-
can people, saying that he had pro-
claimed General Angeles provision-
al president of Mexico.

Saltillo, Mex., June 20.—General
Angeles, acting secretary of war in
the Constitutional cabinet, was
deposed from that position by Gen-
eral Carranza for disobedience of or-
ders, and was reduced to the rank of
General. Angeles is general of Villa's
artillery and the action of Carranza
has caused a sensation.

It is reported that former govern-
or Chao of Chihuahua, has been exe-
cuted on Gen. Villa's orders.

To Forward Reply.
General Carranza's reply to the
Niagara Falls mediators declining to
arrange an armistice has been dis-
patched.

Takes Wilson's Message
Washington, D. C., June 20.—
Minister Naon, who returned today
to Niagara Falls, bore to the media-
tors and the Huerta delegates, Presi-
dent Wilson's position outlined to
us in the recent note to the American
delegates.

Washington, June 20.—The Niagara
Falls mediation conference as a means
of bringing peace to Mexico seems to
have been doomed at a White House
conference, attended by President Wil-
son, Secretary of State Bryan and
Minister Naon of Argentina.

The Argentine diplomat learned that
the United States will stand firm in its
demand that a constitutionalist be
appointed to the provisional presi-
dency to succeed General Huerta. He
learned that the only hope for the
success of mediation lies in the possi-
bility that the Mexican delegates may
yield from their demand that a "neu-
tral" be appointed to the head of the
provisional government. This possi-
bility is regarded as remote.

Asks U. S. Alter Demands.
Minister Naon conferred with Sec-
retary of State Bryan for three hours.
He came to Washington on the initia-
tive of his diplomatic colleagues, un-
expected by the Washington govern-
ment, to inquire if the United States
would alter its demands so as to open
the way for acceptance by the Mexi-
can government.

Secretary Bryan, after a long dis-
cussion with the minister, which be-
came heated toward the end, suggest-
ed that they go together to President
Wilson.

The American government now is
convinced that the end of the under-
taking in so far as the settlement of
the international differences of Mexico
is concerned, will be reached when the
American and Mexican delegates hold
their next meeting at five o'clock to-
day.

The mediation interchanges prob-
ably will not be terminated immedi-
ately, however. It is expected that at
the suggestion of the mediators the scope
of the conference will be narrowed to
the purpose of adjusting the difficul-
ties existing directly between the
United States and the Huerta govern-
ment which grew out of the Tampico
flag incident and other insults to the
United States by federal officials.

It is believed that in the event of
abrupt termination of the conference,
provision will be made for its reas-
sembling at any time when a likelihood
arises that an agreement can be en-
tered upon.

Wilson Prepares Statement.
President Wilson has prepared him-
self for the failure of the conference
by writing a strong statement of the
reasons which have animated the
United States. He will make this
statement public as soon as the ces-
sation of the interchanges is announced.
Minister Naon's inquiries drew from
the president the information that this
government is resolved to stand upon
the ultimatum delivered by its rep-
resentatives at Niagara Falls.

Hope Flies at Niagara.
Niagara Falls, Ont., June 20.—The
report that President Wilson had re-
jected Doctor Naon's plea that he re-
cede from his attitude on the Mexican
question caused general consternation
among both the Mexican delegates and
the mediators.

CABLE SAVES LAUNCH PARTY FROM FALLS

"BABY MINE" ENGINE STALLS
AND BOAT IS SAVED FROM
DAM BY OVERHEAD CABLE

This afternoon, about three o'clock
a small boat containing five passen-
gers drifted down against the cable
above the dam, when the motor
stalled. The party remained there
for about a half an hour, refusing
all offers of assistance, preferring
to hold to the cable until the engine
could be started. The launch, "Baby
Mine" finally got under way and
so removed the occupants from
their perilous position.

This is the second time within two
weeks, that local motor craft have
drifted down against the protesting
cable, thus verifying the wisdom of
the city fathers in placing the big
wire in its present position.

TRIED COMPENSATION SUIT HERE YESTERDAY

Milton Baker is Allowed Compensa-
tion Until August First, From
I. N. U.

J. J. Healy, arbitrator for the
State Industrial Board held an in-
quiry in the council chambers at the
city hall, in Dixon, yesterday, con-
cerning the petition of Milton Baker
of this city, who asked compensation,
under the state compensation law,
from the Illinois Utilities, in whose
employ he was last fall when he
fell and injured his elbow in such
a manner that the arm is somewhat
crippled and is, Baker claims, per-
manently disabled.

W. J. McAlpine was arbitrator for
the I. N. U. and Chas. Kearney acted
in the same capacity for Mr. Baker.
Claims Attorney Wm. L. Palmer
presented the Utility company's
case and J. E. Erwin appeared
for Baker. It seems that Baker
was employed at the gas plant and
was engaged in wheeling a wheel
barrow load of coke across a raised
gang plank, when he fell and in-
jured his arm. The company was
ordered to pay Baker half pay until
August 1st, of the present year.

LICENSED TO WED.

Marriage licenses have been is-
sued to Clarence J. Sauer of Am-
boy and Miss Ruby Theresa Leav-
ens of Lee Center; Ross G. Bratton
of Franklin Grove and Miss Ma-
bel E. Eisenberg, of Ashton.

The message was shown to
Senator Rahasa the Mexican delegate
appeared deeply moved. He refused
to discuss the matter, but at once
called to his side his four daughters,
who were dancing in the ballroom of
the hotel, and all retired immediately.
None of the other members of the de-
legation would discuss the message. All
agreed, however, that the last hope
had vanished and that nothing was
left but to pack up and depart.

Postpone Election.

Mexico City, June 20.—The minister
of the Interior will present to the
chamber of deputies at its session pre-
liminary to the opening of the extraor-
dinary session of congress next Mon-
day a bill calling for the postpone-
ment of the presidential election,
which was intended to hold the first
Sunday in July. Under the bill the
postponement also would include the
election for vice-president, senators
and members of the chamber of de-
puties.

The reason given by the minister of
the Interior for his proposed action is
that no elections could take place
before the termination of the peace
negotiations at Niagara Falls.

FAST HORSES AT THE COUNTY FAIR STABLE

Amboy Track is Developing Some
Good Racing Steeds for
Season's Events

The Lee County fair grounds
resembles at present, a big circuit
track for there is a large stable of
twenty-five horses conditioning
there.

Several of these are under the care
of the local trainer, Robert Moore,
and are showing up especially well
as the results of his expert care.
Several local steeds are picked to
do fast time in the various races in
this section of the state and the
outlook is for the names of several
local steppers heading the cards in
many of this season's big events.

THREE CENT PIECE AS AID TO THRIFT

NEW COIN WOULD BUY SAND-
WICHES, ICE CREAM AND
STREET CAR RIDES

Washington, D. C., June 20.—A
ham sandwich for 3 cents, a cho-
colate ice cream soda and a street
car ride for the same amount is the
glittering prospect offered to the
starving man and thirsty small boy
by the American Society for Thrift.
This society has worked untiringly
for a three cent coin, that being the
most important plank in its plat-
form.

George E. Roberts, director of the
mint, has received a letter from the
society setting forth reasons for the
coinage advocated.

"In Cleveland sandwiches may be
purchased for three cents, which are
about the same as five cent sand-
wiches in other cities," the letter
states. Evidently a very large
amount of business is done with a
nickel simply because that is the
smallest coin current for many pur-
poses.

"Mr. Strauss, president of the so-
ciety, will return shortly from Eu-
rope and probably will appear before
the appropriations committee of the
senate on the matter of thrift, and if
it could be arranged we would like
at the same time, formally if nec-
essary, to present the national need of
a three cent piece."

OPPOSE BROWNE AS ORATOR OF THE DAY.

Danville, Ill., June 20.—The en-
gagement of Lee O'Neil Browne, as
principal speaker on the Fourth of
July threatened to divide the town
and mar the day.

The church people have adopted
strong resolutions against the action
of the committee in bringing Browne
and recites at length the speaker's
legislative record. Notice was served
on the committee that unless an-
other speaker is secured the church
people will join the rival town of
Armstrong and celebrate there.

BROTHER OF DIXONITE WILL WIN FORTUNE

ALFRED HOEFER, BROTHER OF
I. B. HOEFER, HAS TELE-
PHONE INVENTION

Have 117,000 of The Freeport Man's
Devices in Operation in Chicago
—Supplants Nickel Device.

The following article, clipped from
the Freeport Journal-Standard, tell-
ing of the success of a device for ap-
plication to a telephone, which has
been patented by a Freeport man,
Alfred Hoefer, is of interest in Dix-
on because Alfred Hoefer is a
brother of I. B. Hoefer, of the Hoef-
er Coal Company of the city. The
brother of the Dixon man stands ex-
cellent prospects of winning a great
fortune from his invention, as will
be seen by the following:

Chicago, June 19.—Approval of
the Hoefer system, a substitute for
nickel first attachments for tele-
phones, was given yesterday by B. H.
Peck, city telephone supervisor.

Mr. Peck told the gas, oil and
electric light committee of the city
council that the new device was an
improvement over the former meth-
od of collecting nickels on telephones.
Because of complaints made against
the device the committee considered
prohibiting the Chicago Telephone
Company from further installing
them, but this is not likely in view
of the expert's opinion.

A communication from B. E.
Sunny, head of the telephone com-
pany, said that 17,000 of the Hoef-
er devices had been installed, that
it was a success, and that there are
only 62,000 telephones of the nickel
first and last type now being oper-
ated.

Consideration of a possible merger
of the automatic telephone system
with the Bell interests was defer-
red for one week.

Is Freeport Man.
Freeport—Alfred Hoefer, the in-
ventor of the device referred to in
the foreign dispatch, is a Freeport
man, son of A. G. Hoefer.

NINE AVIATORS DIE IN AIR COLLISION

ARMY MANEUVERS AT VIENNA
RESULT IN TRAGEDY—THIRD
MEN WRECKED

(Associated Press.)
Vienna, Austria, June 20.—Nine
aviators were killed when the mil-
itary warfare in the air, that they were
staging, suddenly turned into tragic
reality.

The accidental ripping of a giant
dirigable airship by the keen wings
of a bi-plane, while both were fly-
ing at a high altitude during the
Austrian army maneuvers, was re-
sponsible for the fatal occurrence.
Both air crafts were destroyed and
the occupants, composed of nine
military and naval and non-com-
missioned officers, were dashed to
the earth and burned and mutil-
ated beyond recognition.

ORDERED RECESS FOR LEE CIRCUIT COURT

COMPLAINANT IN DIVORCE CASE
DOES NOT APPEAR—STED-
MAN CASE SETTLED

Judge Farrand, today ordered a
recess of the Lee County Circuit
Court until July 18, after dismiss-
ing two suits: Stermann vs. Fidelity
& Casualty Company; and the Anna
Meier vs. William Meier divorce suit.
In the two suits: Stedman vs. Fidelity
was reached, while in the divorce
matter, the plaintiff refused to ap-
pear.

FULTON BEER HOUSES REAPING A HARVEST.

Fulton Journal.—To judge by
the activity of the dozen branch
beer distributing houses in this city,
each of which is rushed to its cap-
acity to fill orders for keg and bot-
tled goods, there is a concerted ef-
fort being made in dry territory to
prepare for a drought. Many car-
loads of beer are shipped weekly—
on the average of about twenty dur-
ing the heated term. Strange to re-
late, the greater part of these ship-
ments are for dry districts, that is,
where the people have voted out the
saloons.

MINONK IS "WET"

A dispatch from Minonk, Ill., an-
nounces that the town has gone from
the "dry" column to the "wet". The
town was voted "dry" at the April
election, but the "wets" contested,
setting up that the "drys" petition
was faulty. The court sustained the
contention of the "wets."

GOOD GAME PROMISED DIXONITES TOMORROW

THE I. N. U. AND BUSTERS WILL
CLASH IN SUNDAY'S CONTEST
AT LINCOLN PARK

LADIES FREE SATURDAYS

And the Grand Stand is to Be Free
To Them at All Times—Thank
Dixon Marine Band Players.

Interest in the City League race
has been so aroused by the success
of Dedication Day that a large crowd
attended this afternoon's game at
Lincoln Park, between the Stars and
the Brunswicks, and another large
crowd will undoubtedly be on hand
at tomorrow's contest between the I.
N. U. and the Busters.

The rain of Friday morning was
the one thing that was needed to per-
fect the playing field at the park and
the diamond and outfield are now
hard and fast and some rattling good
base ball will surely result.

Tomorrow afternoon's game will
commence at 3 o'clock sharp, with
Umpire Null holding the indicator.

At a meeting of the directors of
the base ball league held last even-
ing, it became known to the offici-
als that on Thursday, some ladies
were charged admission to the grand
stand. The charge was a mistake,
for there had been definite intention
to admit the ladies free to both field
and grand stand on that day and
the directors passed a resolution last
evening declaring that on Saturday's
there will be absolutely no charge
for ladies at the gate or grand stand,
and that on Sunday's the only charge
will be the gate admission. The
grand stand will be free to them at
all times.

A resolution was also passed by
the board last evening giving a vote
of thanks to the Dixon Marine Band,
for its splendid work on Lincoln
Park Day.

WHITESIDE CO. MAN OUT FOR LEGISLATURE

F. A. Brewer of Tampico, Former
Educator, Announced On The
Republican Ticket.

F. A. Brewer, of Tampico, former-
ly Superintendent of the schools and
principal of the High School of that
city, in company with Circuit Clerk
Charles McCall of Whiteside county,
were in Dixon Friday. Mr. Brewer
is a candidate for the nomination for
state representative on the Republi-
can ticket, and he was in Dixon meet-
ing the voters and announcing his
 candidacy. Brewer was chairman of
the Board of Supervisors in White-
side county last year and has served
several terms as supervisor from his
township. He has the undivided
support of the Whiteside county re-
publicans and it is said there will be
no opposition to him at the pri-
maries. His appearance commands
respect and his record entitles him
to further honors.

COMMERCIAL CLUB TO HOLD MEETING

Adoption of the Constitution and By-
Laws to Be Taken Up Tuesday
Evening.

The Dixon Commercial club will
hold a meeting at the City Hall next
Tuesday evening, at 7:30 o'clock and
will adjourn promptly at 9 o'clock.
The adoption of the constitution and
by-laws and other important busi-
ness will be taken up.

Much has already been accom-
plished by this new organization and
all business men are urged to be
present.

MANY ATTENDED MCGINNIS FUNERAL

The funeral of James McGinnis,
which was held at his home in Pal-
myra this afternoon, was very large-
ly attended by friends of the
deceased, and many floral tributes at-
tested their regard for him. The
funeral sermon was delivered by
Dr. F. D. Altman and burial was at
Oakwood cemetery.

BIGGEST EXCURSION STEAMER GOES DOWN

THE MAJESTIC, QUEEN OF MIS-
SISSIPPI, SANK NEAR ST.
LOUIS LAST NIGHT.

900 GIRLS HAD NARROW ESCAPE

Big Excursion Had Just Disembarked
At Alton, Ill., Before Boat
Struck Reef in Stream.

(Associated Press.)
St. Louis, Mo., June 20.—The Ma-
jestic, the largest excursion steam-
er on the Mississippi River, struck
the cribbing off New Intake water-
works tower, near this city at 1:35
this morning and sank to the bot-
tom in ten minutes.

Of the thirty-three persons on
board, all of whom were either
members of the crew or ship's band
three are unaccounted for:

The names of the missing are:
Walter Cuthbert, Watchman, Peo-
ria.

William Belloutes, Deck-hand.
Burt Chesterfield, Negro, Deck-
hand, Davenport, Iowa.

All of the rest on board swam
ashore or were taken off in the life
boats of which the steamer carried
six or else found safety on the up-
per deck of the boat, which remained
above the water.

Girls Escaped Death.
Just an hour before she dis-
embarked nine hundred excursion-
ists, most of whom were young wo-
men from Alton, Ill. The excursion
had been one of the telephone girls
and their friends. Had they been
aboard the Majestic when the col-
lision occurred there would undoubt-
edly have been heavy loss of life, for
the confusion would have been ter-
rible and the short time that it took
the boat to sink would have prohib-
ited the taking off of many of them
in the six life boats.

The accident to the Majestic oc-
curred at the chain of natural form-
ation of rocks which starts at the
extreme northern limits of St. Louis
and extends two thousand feet into
the stream. The intake tower is at
the end of this barrier, around which
steamers are supposed to pass.

A momentary panic occurred when
the vessel struck the reef and the
sleeping band members and crew
rushed to deck. The main deck
caught fire, but the flame was ex-
tinguished when the vessel listed.
The boat then righted herself and
sank.

THE COLD WEATHER VERY UNUSUAL HERE

Railroads Had To Turn Heat Into
Coaches This Morning to
Warm Them.

Railroad men will record as most
unusual the necessity of turning the
steam into passenger coaches last
night and this morning. The heat
was made necessary by the extreme
change in temperature. It has been
many years since the railroad
officials found it necessary to heat
the coaches on June 20.

ment made here today.

Jones Drove Own Car.

Fred Hark of Rockford township,
requests The Telegraph to correct the
statement circulated that he was at
the wheel when the Jones car and
the Rosebrook car was wrecked on
the Chicago road. Mr. Hark says
that Mr. Jones was driving the car
himself, and he also says that the
only thing that was responsible for
the wreck was the blinding of the
drivers by the lights.

In The Field of Sports

KEENAN WITH PRINCETON

Charles Keenan, of this city, well known in local sporting circles for his first class baseball playing, left today for Princeton. There he has accepted a berth on the strong, independent Princeton team.

The acceptance of Keenan by the Princeton manager is a great boost for him as that team is one of the strong independent organizations in this state, playing exceptionally fast ball. Keenan will probably hold down the third sack for them as he has this position very creditably in the try-outs given him by the down state team.

YALE WINS BY FOUR INCHES

Harvard Defeated by Eli's Oarsmen On the Thames.

New London, Conn., June 20.—Just four inches separated the knife-like prows of the Yale and Harvard varsity eight-oared shells in their annual struggle for supremacy on the Thames river, and those four inches proved sufficient to give Yale its first victory over the Crimson in seven years. Yale finished the four-mile race in 21:16. By the smallest part of a fraction, so small that the average stop watch could not catch the difference, Harvard, the favorite, flashed across the finishing line in second place.

For several minutes the result was in doubt. Thousands who had lined the water's edge shrieked hysterically as the rival crews, exerting every possible ounce of physical energy, struggled like maniacs to force their shell across the line. Only after a hurried conference of the judges, followed by the waving of the Yale flag, did the outcome become known officially.

BAER ESTATE IS \$3,000,000

Family to Inherit Wealth of Late Head of Railway.

Philadelphia, June 20.—The inventory filed in Reading by executors shows that George F. Baer, late president of the Philadelphia & Reading railway, left personal property worth \$3,265,000 and real estate valued at \$100,000. Mr. Baer left his estate to his family.

FOR TARGET PRACTICE.

Elijah Soper, Fred Earll and Frank Salisbury will go to the Camp Logan range north of Chicago tomorrow to practice in preparation for the regimental shoot of the Sixth regiment, which will be held in July. At that time Company Q's rifle team will be called on to defend the cup, which they won at Rock Island last year.

BANK LAW VIOLATED?

LORIMER AND MUNDAY FACE SERIOUS CHARGES.

Alleged That Officers of Chicago Institution Accepted Money When Bank Was Insolvent.

Chicago, June 20.—State's Attorney MacLay Hoyne appointed assistants to take charge of the criminal prosecution of former Senator William Lorimer, C. B. Munday and the other wreckers of the LaSalle Street Trust & Savings bank.

Evidence adduced during a conference between the state's attorney and Attorney General P. J. Lucey indicated that deposits were received after Lorimer and Munday knew the bank was insolvent and were scrambling to save what they might from the wreck. Conviction under this charge carries a penalty of from one to three years in the penitentiary.

The state's attorney was urged by Mr. Lucey to begin his investigation now, but delay the actual prosecution for a time. He pointed out that \$2,000,000 worth of the "assets" of the bank is paper in companies controlled by Lorimer and Munday or of tottering companies in which they speculated. Prosecution would prevent Lorimer and Munday from aiding in realizing on this paper, and might mean the loss of thousands of dollars to depositors.

W. C. Niblack, vice-president of the Chicago Title & Trust company, was appointed receiver of the bank, on the motion of the attorney general. His bond was fixed at \$2,500,000 by Judge Windes. He will prepare his bond and take charge of the bank.

RATE VERDICT IS DUE JULY 3

High Official Intimates Decision Will Be Made Then.

Washington, June 20.—A high official of the interstate commerce commission intimated that the decision in the freight rate case would be handed down July 3, following the close of the New York stock market for the day. The decision has been expected every day this week. The commissioners have reached their conclusions in the case. They are understood to be opposed to the five per cent horizontal increase asked by the railroads. Permission to advance some unenumerative rates will be granted. Also, the commission will indicate to the roads the desirability of making charges for services they hitherto have performed free at the larger city terminals. The task of writing the decision was turned over to Chairman James S. Hylan.

POLICE CHIEFS DROP BURNS

Society Wipes Name From Honorary Membership.

Grand Rapids, Mich., June 20.—The name of Detective William J. Burns was dropped from the rolls of the International Association of Police Chiefs at the closing session. The convention adopted the revised honorary list as presented by Henry Gallagher of Montclair, N. J., chairman of the membership committee, with the name of Burns omitted. J. L. Beaver, chief of police at Atlanta, Ga., made a brief speech before the convention attacking Burns. He referred to the work of the detective in the Leo Frank case as "antics" and bitterly attacked him as having "disgraced the detective profession."

JOHN D. GIVES BIG SUM

\$1,500,000 to Be Paid to Johns Hopkins College.

Baltimore, Md., June 20.—Dr. Abraham Flexner of New York, representing the general education board founded by John D. Rockefeller, came to Baltimore and made final arrangements to turn over to Johns Hopkins Medical school the gift of \$1,500,000 to establish the William H. Welch endowment for clinical education and research.

"The Johns Hopkins Medical school is the first medical institution in the country to receive money for research work from the general education board, but in the last two weeks it has been decided to give \$750,000 to the Washington university at St. Louis and \$500,000 to Yale university," said Doctor Flexner.

WILSON NAMES MANY

CHANGES MADE IN CONSULAR SERVICE BY PRESIDENT.

Indiana Man Refuses Post—Postmasters for Illinois and Michigan Are Nominated.

Washington, June 20.—President Wilson again shook up the consular service when he made the following nominations:

Robert P. Skinner, of Ohio, now consul general at Berlin, to be consul general at London, England; Julius G. Lay, of the District of Columbia, now consul general at Rio de Janeiro, to be consul general at Berlin; L. M. Bottschalk, of New York, now consul general at large, to be consul general at Rio de Janeiro; Frank Deedmeier of Alabama, now consul at Prague, Austria, to be consul at Chemnitz, Germany; Wilbur T. Gracey, of California, now consul at Progreso, Mex., to be consul at Saville, Spain; Charles S. Winans, of Michigan, now consul at Saville, to be consul at Nuremberg, Bavaria; Charles K. Moser, of Virginia, now consul at Colombo, to be consul at Harbin, China; Henry H. Welch, of Madison, Ala., to be consul at St. Stephen, New Brunswick, Canada; George K. Donald, of Mobile, Ala., to be consul at Maracaibo, Venezuela; William L. Jenkins, of Pennsylvania, to be consul at Guadeloupe, West India; George S. Messersmith, of Dover, Del., to be consul at Fort Erie, Ont., Canada; Harry G. Seltzer, of Hamburg, Pa., to be consul at Breslau, Germany.

The president also nominated the following postmasters:

SAGE TEA PUTS LIFE AND COLOR IN HAIR

Don't stay gray! Sage Tea and Sulphur drenches hair so naturally that nobody can tell.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it drenches the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

RIVER STEAMER IS SUNK?

Many Lives Believed Lost in the Mississippi.

St. Louis, June 20.—A report has just reached the police that an unknown excursion steamer, with several hundred passengers aboard, has struck the new water tower in course of construction in the center of the Mississippi river just north of here. It is reported that the steamer sank a few minutes later. Harbor officials and police officers with boats have gone up the river to investigate. The only passenger boat which left here today north-bound was the Dubuque, bound for Burlington, Ia. The Belle of Calhoun, from Hamburg, Ill., which is due to arrive here today, passes the point at which the accident is said to have occurred. Both are large packets carrying freight and passengers.

MAY DECLARE WAR AGAINST THE U. S.

SHOULD MEDIATION CONFERENCE FAIL HUERTA MAY ISSUE FORMAL DECLARATION, SAYS WIRE.

VILLA OFF TO ZACATECA

Rebels Start on Campaign That Will End at Mexico City—Movement Delayed by Heavy Rains.

Vera Cruz, June 20.—The Mexican congress was convened in extraordinary session in Mexico City. It passed a vote of confidence in the Huerta administration and refused to accept General Huerta's resignation as president at interim. This information was received here in a dispatch from the capital.

May Declare War Against U. S.

The dispatch added that, if the mediation conference in Niagara Falls breaks up Huerta may issue a formal declaration of war against the United States. It is considered doubtful here, however, if Huerta would take such action.

Members of the foreign colonies in the capital have begun to conduct a campaign by cable in Europe, the object of which is to hold President Wilson and Secretary Bryan responsible for conditions in Mexico.

General Blanquet, the Mexican minister of war, announced that the constitutionalists at Zacatecas have been driven back.

Villa Off to Zacatecas.

El Paso, Tex., June 20.—General Villa left Torreon for the front above Zacatecas, it was announced. The general plan of campaign now is along the lines drawn up before Carranza put General Natera in command of the new zone. Villa will have a clear road on to the national capital. Villa's zone, roughly, will include Chihuahua and Western Coahuila, already taken, and any territory directly south which he can capture. Gen. Pablo Gonzales, commander of the Eastern division, will proceed south as best he may along the east coast, investing points to the south of Tampico. Gen. Alvaro Obregon, in the west, will move along the Pacific seaboard. His troops now are investing Mazatlan.

Heavy Rains Delay Movement.

Torreon, Coahuila, Mex., June 20.—Torrential rains in the states of Coahuila, Durango and Zacatecas have made extremely difficult the operation of the troop trains. Due to many wash-outs and the destruction of bridges on the Torreon-Zacatecas line, General Natera did not arrive here as expected. He will come as soon as possible to go into conference with Villa regarding the campaign against Zacatecas. The troops of the division of the north now before Zacatecas number 11,000. The remainder of the division will be moved within the next two days.

GOES TO PHILADELPHIA.

Dr. E. A. Sickles will leave tomorrow for Philadelphia in response to an invitation that he become one of the founders of the American Congress of Surgeons, membership in which will be similar to being a Fellow of the Royal Society of Surgeons of Great Britain and Canada. In the formation of this new organization, invitations have been sent to 500 prominent surgeons in the United States, asking that they form the nucleus of the Congress. After its organization, membership in the association will be obtained only by examination.

ROCHELLE MAN SUCCESSFUL WITH SWEET CLOVER AS FEED

ROCHELLE MAN SUCCESSFUL WITH SWEET CLOVER AS FEED

The results which Mr. W. P. Graham is securing from the growing and feeding of sweet clover on his farms near Rochelle seem to be of sufficient importance to merit special attention.

He says, "I started to use sweet clover for fertilizing purposes only, feeling confident that by so doing one could build up wornout soil without the aid of barnyard manure. Incidentally I found it to be the very best kind of feed; and today I consider it in many ways better feed than alfalfa."

Just why, for so long a time, it has been thought that sweet clover was a miserably dangerous weed which stock would not eat is not known but it is probable that very few cattle were ever permitted to taste it before it had grown too old after the blue grass of the fields were and woody to be palatable. Only grown too short were cattle turned on the road where sweet clover grew so luxuriantly earlier in the season, but at this time it had passed the stage at which cattle could eat it with a relish. The recent experience of Mr. Graham, as well as that of other progressive farmers has demonstrated that stock do not object to being fed on this plant, and it is a fact proven on his farm that cattle will actually pass by good, blue grass pasture to eat of the sweet clover.

Several weeks ago, Mr. Roy C. Bishop, agricultural expert of Livingston County, having heard of the accomplishments of Mr. Graham, came up from Pontiac to inspect his fields and immediately was so impressed with what was being done that he declined to organize an excursion among the farmers of his country. He was joined in his efforts by Frank Grannis, agricultural expert of Will county, and from these two counties nearly two hundred farmers came from Rochelle Wednesday, June 10, having made the trip in automobiles.

On the farm about eight miles

west of Rochelle the visitors found cattle thriving on nothing but sweet clover pasture. On a forty acre field, sixty-three head had been kept since April 19, and, as they were unable to eat all the feed produced, it was mown and thirty loads of hay were taken up. A feed crop will then be taken from the same forty acres that will without doubt, pay better than any corn crop on his farm this year.

His experience in pasturing a spring seeding last fall is especially worthy of mention. After harvesting the oats, he used the sweet clover seeding as pasture; it proved to be most excellent pasture feed, showing rapid increase in milk production.

He then tried pasturing feeders, putting them on clover about September 1st, six weeks after the small grain had been harvested. Twenty-nine head of feeders, weighing about 870 pounds a piece, were turned into the clover which stood about two feet high. By November 1st, on no other feed except what straw they got at the stack, they had increased 154 pounds a piece or nearly three pounds per day. From this time to December 11th, when they were on corn stalks they merely held their own in weight. They were then put into the yards and fed sweet clover ensilage and a small ration of corn, on which feed they resumed a gain of about three pounds per day.

One could not help being impressed with the excellent success that he was having in securing a good stand in each of the fields in which the crop had been sown, which fact he says is largely due to the liberal applications of limestone which he applied. While some might hesitate to make the expenditure needed to purchase limestone, yet Mr. Graham assured the farmers that one crop of sweet clover would pay the entire cost of the limestone.

His success in using sweet clover for feeding purposes is bound to attract great attention and will probably greatly modify practices in some localities.

SAYS HE HELPED KILL 3

Walter Lawrence Said to Have Confessed Triple Murder.

Grand Rapids, Mich., June 20.—Grand Rapids' most baffling murder mystery, the Thompson triple tragedy, when gunmen killed Ed Smith, J. N. Thompson and Paul Townsend, receiving \$2,200 worth of diamonds, was cleared by an alleged confession made by Walter "Vepper" Lawrence to Prosecutor Phelps and Sheriff O'Donnell, after a local newspaper reporter had led Lawrence to the point of confession. The climax was reached through the arrest in Boston of Lawrence "Chippy" Robinson, who shot and killed one officer, wounded two others and was seriously wounded himself. The alleged confession was not made public as one or two others whose identity is withheld are implicated. He says he is an accessory to the crime, but did not shoot. The murder of the three men occurred on the evening of December 18, 1913, and Lawrence Robinson, who was shot in Boston, led local officers and Pinkerton men a chase through many States.

FAMILY THEATRE

The "La Lorraine" Company, the four vocalists now at the Family Theatre, are giving the patrons some delightful selections. Their solos, duets, trios and quartettes, are especially pleasing and the selection of songs makes it possible for all classes to enjoy their program. Their first number in Spanish costume and the sextette, from Lucia, were artistically rendered and especially worthy of comment.

Pictures tonight are: "A Pair of Stockings," "Her Horrid Honey-moon," "Yarn Attraction."

PRINCESS THEATRE

Henry M. Blossom's great play of racing life "Checkers," which will be shown at the Princess Theatre, Tuesday night has enjoyed one of the longest runs in the history of theatricals of the present age, has been adopted by the All Star Feature Corporation in a five reel version. Thomas W. Ross, the creator of the lovable character of "Checkers" has been induced to drop his theatrical work for the time necessary to the taking of pictures, and at a great expense his services were secured to appear in his old favorite role. Supporting Mr. Ross are a number of people whose names are familiar to the theatre-going public of the country and in a great number of instances the original "Checkers" cast

appears. This picture is in five parts and the management should be congratulated on having secured so fine a production.

Returned From Trip.

Dr. Garrison has just returned from a pleasant visit with relatives and friends in Iowa and Minnesota.

The first object of her visit was to see her grand niece, Gladys Moore, graduate from the Fayette, Iowa High School. Gladys said "I just cannot graduate unless Aunt Harriet is present." In January, 1902 when Gladys was not four years old, Dr. Garrison was called to Iowa to see her. She was a helpless paralytic from infantile paralysis, polynyalitis. Dr. Garrison met Dr. Luchanan of Independence, Ia., in consultation. The child continuing under their care until April when her parents brought her to visit here. They remained with Dr. Garrison three weeks. When she came, the child could creep slowly over the floor, when she returned to Iowa she had begun walking. The mother had been instructed to watch every motion and stimulate the weak nerves by friction. Now, at sixteen she has accomplished as much as the brightest pupils and has a perfect form, tall and graceful. She will enter Upper University at the Fall semester.

Dr. Garrison also attended the exercises of this University where her niece, Miss Eleanor Garrison received the degree and was decorated with the insignia of the degree of Master of Arts. In this school the insignia is a hood of black satin with the wide white velvet facing, as is usual in all schools, but the hood is lined with changeable blue and green silk, the school colors. This hood is worn as usual, falling down over the back of the B. A. black gown, suspended by the broad strings of silk and velvet around the neck. Among the various colors in velvet of the different degrees, Miss Eleanor Garner lot adjoining Mr. and Mrs. Fayette, Iowa schools for twelve years, the first two as a grade teacher, after this, for ten years, as principal and now was unsolicitedly elected Superintendent. She specializes in history.

On Monday, June 15th, Dr. Garrison with her widowed sister-in-law, Mrs. Geo. L. Garrison, journeyed to Minneapolis where they were met by Mrs. Garrison's youngest son, H. A. Garrison and escorted twenty miles to Ansoia where June 16th, they attended his wedding to Miss Mary Allison Phillips. Mr. Garrison has for three years been connected with the Malacca, Minn. schools, first as principal of the High School then as Superintendent. He has now a three years contract as superintendent. Miss Phillips was the history teacher in his school. He and his bride are now blissfully floating down the Mississippi river on their honeymoon trip.

On her way home by the way of Cedar Rapids, Dr. Garrison, while waiting for her train took dinner with Mr. and Mrs. Frank Henion in their beautiful new home on the western heights of Cedar Rapids, ten minutes ride by trolley from the depot. Mr. Henion has sold this home and is building another on the corner where were former residents of Dixon.

In Fulton.

Miss Lydia Garnett of this city is spending the latter part of the week with friends in Fulton, Illinois.

HOW ONE WOMAN WON

Her Health and Strength Back
Again by The Use of Cardui.

Tampa, Fla.—In a letter from this city, Mrs. E. C. Cornum writes: "I was all weakened and worn out with womanly troubles. My husband brought me some Cardui as a tonic, and, from the first day, it seemed to help."

I had almost lost my reason, but, thanks to Cardui, I did not. Soon, I felt and looked like a new woman. I think the remedy is wonderful. I recommend it to my friends, for I have received great benefit from it."

Cardui acts specifically on the weakened womanly organs, strengthening the muscles and nerves, and building them up to health.

It helps to refresh the worn-out nervous system and relieves the effects of overwork, both mental and physical. Fifty years' successful use fully prove the merit of this purely vegetable, tonic remedy for women.

In every community, there live some who have been benefited by Cardui. The beneficial effects of this time-tested woman's remedy, soon show themselves in many different ways.

N. B.—Write for Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper on request.

Blue Book Men Here.

The official automobiles blue book car came through Dixon Friday, the officials availing themselves of all needed information concerning the lay of local streets, garages, etc.

Returned To Chicago.

Joe Elliott has returned, to Chicago after a visit at the home of Mr. and Mrs. Chas. Plien.

In St. Paul.

Paul Crabtree left last evening for Chicago and thence on to St. Paul, where he will be the guest of his sister, Mrs. Will Bovey.

Whooping Cough.

The little daughter of Mr. and Mrs. Chas. Deirdorf of Seventh street is quite ill with an attack of whooping cough.

To DeKalb.

Mr. and Mrs. C. E. Smith went to DeKalb early this afternoon where they will be the guests of the formers brother.

At Grandy Detour.

Messrs Clarence Turner, Grover Hoberg, William Loftus, Joseph Crawford, Archie Lievan motored to Grand Detour last evening and took supper there. They returned late in the evening after a very enjoyable time.

At William's Home.

The Queen Esther Circle of the Methodist church are invited to a scrambled supper at the home of Miss Bess Williams in Palmyra, on Monday evening. Those who can, will go out on the six o'clock Interurban and those who cannot do so, will please report to Miss Olive Anderson. All are requested to take dishes and sandwiches.

Reception.

Many friends responded to the one hundred-fifty invitations sent out to a reception given Thursday afternoon, by Mrs. A. H. Tillson and her daughter, Mrs. Edward N. Howell.

Mesdames C. J. Rosbrook, Emma F. Howell, Stewart Morgan and the Misses Dimick, Lucia Morris, Agnes and Beatrice Howell assisted in receiving the guests.

Dorothy Perkins roses in great profusion were used throughout the house, while the screened-in piazza, where refreshments were served, was made very attractive with the same decorations.

The following young ladies served the guests: Misses Ethel Sterling, Rosanna Dement, Clara Arrington, and Electa Vaile.

Birthday Party.

Miss Avis Higley was hostess to a party of little friends yesterday afternoon when she entertained in honor of her sixth birthday. Little Miss Avis furnished a very delightful afternoon for her guests.

Sunshine Class Picnic.

The Sunshine class of St. Paul's Lutheran church held their annual picnic Thursday afternoon at the Assembly park, between the hours of 2 to 5:30. About sixty members and a few friends attended, and spent the afternoon along the river bank. A bountiful and delicious scramble dinner was served on tables which were daintily decorated in the class colors of blue and gold.

Lowell Park Picnic.

A merry crowd of young people to the number of thirty, composed of the Proprietors and their families and clerks of the Bee Hive and their friends, left at 12:30 Thursday noon and went by launch to Lowell Park, there to enjoy one of the best times in their experience.

A picnic dinner of an elaborate nature was served and was followed by an afternoon of pleasure. Baseball was played, races caused much excitement, while others explored the beauties of the very pretty park. In the evening lunch was served after which all started for home, feeling that a more enjoyable afternoon could never occur.

Home From Visit.

Mrs. Elmira Heldemen of E. First Street, returned home last evening from a seven weeks visit with relatives and friends in Sheboygan and other Michigan cities. James Hamilton, of Sheboygan is her guest for a few days.

Visiting Here.

Lewis Sickles came to this city from St. Paul today, to visit with his mother and friends a few days.

S. S. PICNIC THE FOURTH

The Sunday School of the Congregational church will celebrate the Fourth of July this year by holding their annual picnic at Lowell park. Friends and parents of the children will be invited to attend and it is hoped to make the picnic one of the most successful ever held by the school.

At Necedah.

Here is a story where two married couple, eluded their friends and instead of going on their wedding tour as was expected have been peacefully enjoying themselves at Necedah Lodge near Grand Detour. Some weeks ago the Misses Edith and Helen Vaile were wedded to Messrs. mier, respectively. They started at mier, respectfully. They started at once (so their friends thought) for Norfolk, Nebraska. Recently it was rumored that they were camping at Necedah, so fourteen of their friends drove to that place last evening to investigate. They found Mr. and Mrs. Drummmond there, but Mr. and Mrs. Overmier had left a day before for Champaign, there to attend the wedding of Mr. Overmier's brother. Great was the fun of the newlyweds over the fact that they had so cleverly duped their chums. They have named their camp, "Camp Norfolk", and dryly told the invaders that they had gone to "Norfolk" but it did not happen to be in Nebraska.

The happy crowd were treated with a delicious luncheon and after one glorious evening all departed for home with the vow that "the next time" every one would not be fooled.

Presbyterian Picnic.

The men of the Presbyterian church are to enjoy a good time next Wednesday, if the weather permits the plans of the brotherhood to be carried out. The occasion will be a picnic at Lowell park, east of Dixon, autos leaving the church at 2 o'clock and making the run in from an hour to an hour and a half. It is hoped that fifty or more men will be able to attend, and the invitation is extended to all the men of the Presbyterian connection. President Scott Williams of the brotherhood has appointed committee chairmen as follows: Grounds, John M. Stager; Transportation, F. W. Murphy; Finance, Philip H. Ward; Sports, Wm. A. Robinson; Refreshments, John J. Wenger. Mr. Stager has secured formal permission to use Lowell park, and has been assured that base ball, tennis, horseshoes and swimming may be indulged in. Although the brotherhood is doing the work in getting up the picnic, the men of the church, regardless of brotherhood membership, will all be urged to go and have a real old good time together. Supper will be served about 6 o'clock, the autos leaving for Sterling according to the pleasure of the picnickers—Sterling Gazette.

BANK FAILS FOR 7 MILLIONS

Most of Deposits of Vienna, Concern Held by Clergy.

Vienna, June 20.—The private bank of Pleva & Co. failed for \$7,000,000. The liabilities consist mostly of deposits by the Catholic clergy.

Noted Surgeon Dies of Typhoid.

Baltimore, Md., June 20.—Dr. Rupert Norton, distinguished hospital surgeon and assistant superintendent of Johns Hopkins hospital, died suddenly following a three-weeks illness of typhoid fever. At Doctor Norton's bedside was his wife, a nurse of the hospital whom he married only a year ago, and who during the crisis of the fever never left his side.

Would consider property in Dixon as part payment on fine, rich tract of new farm land here. Here's a chance to get a big farm of rich, virgin land, newly planted, that will grow the finest of wheat, barley, oats, hay, rye, potatoes, alfalfa, vegetables, etc., and should soon be worth treble its present value. Desirable, healthful climate. Investigate and learn the truth. You will find this worthy of prompt action. "Doc" C. L. JOHNSON, Dunkirk, Mont.

A NEW "DANGER ZONE"

Aurora, Illinois has taken a step in the right direction in the matter of traffic regulation. That city has established a rule that all vehicles must slow down while passing Aurora school houses, public or parochial.

Under the new Aurora ruling, all territory that is within a block of public or parochial schools is within the danger zone and drivers of all vehicles, but especially automobiles and motorcycles must use particular caution and drive slowly when within these limits.

Dixon has no such ordinance that we know anything about, but one would not be amiss, but every driver, if he has a normal amount of judgment and common sense, will realize when he is approaching a school house that children, in their play, are not careful, and, or a drove of them may run into the street, directly in front of the oncoming auto without an instant's notice and without ever looking to see if a machine is coming.

The driver cannot trust the child in the street to look out for itself or to aid its own protection in any way and law or no law, if the driver is to be absolutely sure that no accident will happen, he must drive slowly and must at all times have his car under perfect control.

PRAISE DE KALB BAND.

The Springfield News tells us that the DeKalb Third Regiment band, which is spoken of as having delighted its hearers at the Illinois National Guard encampment at Springfield, has been invited by the Illinois State Fair Association to play at Springfield during the Fair.

TAKE BACK THE BORROWED.

A little town named Carinen in Oklahoma has inaugurated a new day for observance, relates the Springfield Pantagraph. The mayor has officially announced it as "Take Back What You've Borrowed Day." Every article subject to the unwritten law of neighborly courtesy which has been borrowed and its return neglected during the past year was restored to its rightful owner, if the owner was alive and had not removed from the state. It is said that many a forgotten lawn mower, silver spoon, jelly glass, plate, saucer, cup and dish, saying nothing of quantities of coffee, tea and flour found their way back home. Everybody in the town is feeling better over it. The mayor of Carinen—his name is J. E. Trever—says he hopes the "Take Back What You Have Borrowed Day" may be observed by all cities. And there is no reason why it should not be. It might not equal the Fourth of July, or Bunker Hill, in pomp and circumstance, but it would have its merits in promoting that internal peace and good will in the community, without which the republic is not at its best.

PUNISH THE GUILTY.

Who is the most dangerous citizen, the most despicable, the man who jumps out of a dark alley and takes your watch at the point of a gun, or the more cowardly crook, who by gaining your friendship, under the guise of honesty, induces you to invest your hard-earned cash in his bank or his bonds?

Personally, we have more admiration for the matter-of-fact hold-up man, who makes no pretense of honesty, and who has nerve enough to risk his life in the pursuit of his business.

The Lorimer-Munday affair should be sifted to the bottom, and if there has been unlawful manipulation of the deposits in the banks, the men responsible should be sent to the penitentiary. They should be punished because of their acts, and as examples to others, and as a protection to the sound banks of the country.

People have confidence in banks now-a-days. The fact that although there were runs on the Lorimer-Munday banks, there was no flurry at another Chicago bank, testifies to this. This confidence is necessary to the prosperity of the nation and it should be preserved at all cost.

NO CRIME TO SHOOT HIM.

If an automobile joy-rider, driving recklessly and in violation of law, should run down a pedestrian and kill him, and then attempt to escape, any citizen would have the right to shoot the auto driver dead if he failed to stop when ordered to do so, according to the Clinton, (Iowa), Herald.

Without doubt, this would be the instruction of any district judge in Iowa, in case the citizen who did the shooting was tried for murder, and the supreme court would uphold the instruction.

The law gives any witness the right to kill the felon if necessary to prevent his escape. The killing of a pedestrian by an automobile driven recklessly and in violation of the law is a felony. The only trouble is that under such circumstance, no one is likely to have a gun within reach. But a thorough understanding of the law might restrain some of the reckless motor fiends from speeding off when they happen to hit a human impediment in their path of destruction.

AS OTHERS VIEW US.

Illinois State Journal:—Dixon has inaugurated a campaign against automobile and motorcycle speeders. Its officers have instructions to arrest all who violate the speed limit ordinance, and they are obeying instructions—with the usual result.

Prominent citizens, brought to book for disobeying the law, complain of the officers, deny the truth of the accusations against them and use their personal and political influence for the undoing of the policemen. In few instances do they admit their guilt and pay their fines without denouncing those who have proceeded against them.

Such is human nature. There is great indignation in Washington because a lowly policeman stopped the president's car and notified the driver that the speed regulation must be observed. Yet this car is the worst offender in the capital, and frequent complaints have been made because of the dangerous speed at which it is driven.

THE SIGN OF THE "TIMES."

The suspension of the Philadelphia Times the other day would seem to indicate that there is no very pressing demand for Bull Moose literature in the Keystone State.

Mr. Munsey, publisher of the Times, down to the day of his death, is an ardent Progressive. His papers give able expression to his convictions. The Times was forced to quit in the very heat and crisis of a senatorial campaign on which rests the future of the Progressive party in Pennsylvania.

Have the people, perchance, grown weary of the perpetual personally conducted Armageddon?—Chicago Journal.

MAN DRIVES NAIL INTO HIS HEAD

Redkey, Ind., June 20.—A man, who was placed in jail here after he had appealed to many persons to protect him from an imaginary mob, was found lying on the floor of the jail last night with an eight penny nail driven full length into his head.

The man had tried to drive the nail into his left eye. He said he found this would not kill him, so he tried to drive it through his brain. He used a piece of coal to drive the nail into his skull. The man says his name is Charles Bassett, aged 39, of Cornwall, Ontario, Canada.

Love's Fleeting Power.

They had been married just one year. That was why he risked losing his train by allowing her to fasten a bunch of violers on to his coat. But his foot tapped the floor impatiently, nevertheless, and he frowned as he wondered if his wife's kindly thought would cost him his cozy corner seat. "George," said his wife tremulously, "you don't love me as you used to." "My darling heart of hearts," he exclaimed, desperately eyeing the clock, "what ever makes you say that?" "Because, George," she answered, "when we were first married it used to take you a whole hour just to say good night, and now—" tears interrupted her words, and ran down her cheeks—"you can kiss me and catch your train all in four minutes!"

OBITUARY

BRIDGET O'CONNOR DALEY

On Wednesday morning, at ten-thirty o'clock occurred the funeral of Mrs. Bridget Daley, of Rockford, Ill., Rev. Father Foley officiating.

Bridget O'Connor was born in Ireland eighty-nine years ago, and came to this country while quite young, making her home in Baldwinville, New York. In 1859 she was married to Cornelius Daley and came to Waukegan in 1869. Later she went to Freeport and since then has made her home in Freeport and Rockford with her son Andrew Daley.

She leaves to mourn her loss, four sons and two daughters, Andrew of Rockford, David of Chicago, James of Baldwinville, N. Y., and John of Ottawa, Ill., Mrs. D. F. Babcock of Aurora and Mrs. P. H. Kelly of Dixon, and one sister, Mrs. Mary Woods of Clinton, besides her grand children and great grand children. Mr. Daley predeceased her in death forty-four years ago.

This much loved woman had many friends in and around Dixon who will extend their sympathy to her bereaved children.

DES MOINES HAS

"HOP" JOINTS

Des Moines, Ia., June 20.—A rigid campaign against the "dope joints" and dopers of the city was begun yesterday when officers raided an alleged "hop joint", and arrested Ben and Rubie Street and Mabel Alexander, all colored. The three prisoners were taken to police headquarters and arranged in police court on charges of maintaining a disorderly resort. They pleaded not guilty, and asked for preliminary hearings.

GIRLS GET DRUNK ON CHOCOLATES SAYS DOCTOR

Indianapolis, June 20.—The matinee girl on her "chocolate drunk" was described by Dr. J. C. Mitchell of Louisville, Ky., addressing the National Eclectic Medical Association in session here today. He said the matinee girl who eats a pound of chocolates and goes to a doctor the next day with a severe headache, was merely getting over the effects of a "drunk."

"Too much sugar in the stomach will ferment as surely as in a distiller's vat," he said.

In the County Court in Probate State of Illinois, County of Lee, ss: Estate of Sherman Frisby, Deceased:

WOMEN CAN HARDLY BELIEVE

How Mrs. Hurley Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Eldon, Mo.—"I was troubled with displacement, inflammation and female weakness. For two years I could not stand on my feet long at a time and I could not walk two blocks without enduring cutting and drawing pains down my right side which increased every month. I have been at that time purple with the floor. I could not lie down or sit still sometimes for a day and a night at a time. I was nervous, and had very little appetite, no ambition, melancholy, and often felt as though I had not a friend in the world. After I had tried most every female remedy without success, my mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I did so and gained in strength every day. I have now no trouble in any way and highly praise your medicine. It advertises itself."—Mrs. S. T. HURLEY, Eldon, Missouri.

Remember, the remedy which did this was Lydia E. Pinkham's Vegetable Compound. For sale everywhere. It has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means have failed. Why don't you try it? Lydia E. Pinkham Medicine Co., Lynn, Mass.

DOES BACKACHE WORRY YOU

Some Dixon People Have Learned How to Get Relief.

How many people suffer from an aching back? How few know the cause? If it hurts to stoop or lift—If you suffer sudden, darting pains—If you are weak, lame and tired. Suspect your kidneys. Watch for nature's signal. The first signs may be back or dizziness. Scanty, painful or too frequent urination. Nervousness or a constant, dead-tired feeling. Avert the serious kidney diseases. Treat the weakened kidneys with Doan's Kidney Pills. A remedy especially for sick kidneys. Endorsed in Dixon by your friends and neighbors. N. W. Beal, 620 College avenue, Dixon, says: "For a long time I had kidney trouble and it showed itself in various ways. I had rheumatic twinges, my back was stiff and lame and after bending over, I could hardly straighten. When I was suffering intensely, I began using Doan's Kidney Pills, which I got at Leake Brothers Drug Store. They gave me wonderful relief in a short time and I still use them, keeping my kidneys in good shape. All I said in praise of Doan's Kidney Pills some years ago holds good and I am glad to confirm that statement."

Mr. Beal is only one of many Dixon people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Beal had—the remedy backed by home testimony. 50c. all stores. shall be awarded to him.
Bidders will examine the ordinance, maps, plats, plans, profiles and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances and surrounding conditions affecting the cost and nature of the work. Specifications for said work are on file in the Mayor's Office, and may also be seen at the Office of the City Clerk of the City of Dixon from and after this date.
The person to whom the contract for the construction of said improvement is awarded, shall, before the commencement of work under such contract, provide ample, suitable and valid insurance policies to provide against and pay all claims for injury to persons or property arising under the laws of the State of Illinois, in the prosecution and construction of said work.
The Council and Board of Local Improvements reserve the right to reject any and all bids.
Dated at Dixon, Illinois, June 19th, A. D. 1914.
Signed, THE COUNCIL AND BOARD OF LOCAL IMPROVEMENTS OF THE CITY OF DIXON.

FINAL SPECIAL ASSESSMENT NOTICE.

PUBLIC NOTICE is hereby given that the Board of Local Improvements of the City of Dixon, in the County of Lee and State of Illinois, caused to be filed in the County Court of said County of Lee on the 12th day of June, A. D. 1914, a certificate showing the final cost of constructing vitrified tile pipe sewer with manholes, flushing tank and house connection laterals on East Everett Street along the center line thereof from the manhole heretofore constructed in North Ottawa Avenue to a point 200 feet east of North Dixon Avenue constructed in said City of Dixon under and in pursuance of City of Dixon Local Improvement Ordinance No. 150, Series of 1913, and the amount estimated by said Board to be required to meet the accruing interest on bonds and vouchers issued to anticipate the collection of the assessment for said work.

Said certificate also shows that said work has been done and completed by the contractor doing the work in substantial conformity to the requirements of said ordinance and has been duly accepted by said Board.

The final cost of said improvement and the amount estimated for interest as shown on said certificate are as follows:

977.5 linear feet of 8" sewer, complete, at fifty-nine (59) cents per linear foot	\$576.73
462 linear feet of 6" laterals, complete, at thirty-five (35) cents per linear foot	161.70
2 manholes at thirty (30) dollars each	60.00
1 flushing tank at thirty-two (32) dollars	32.00
Total cost of work \$830.43	
Lawful expense ...	\$36.94

Total cost of improvement ... \$867.37

Public notice is further given that the court has set said certificate and any objections that may be filed therein for hearing at 9 o'clock in the forenoon on Monday, the 6th day of July, A. D. 1914, or as soon thereafter as the business of the court will permit.

Said hearing will be held in the County Court room in the Court House in the City of Dixon, County of Lee and State of Illinois.

Any person interested may file objections before the time set for hearing and appear and show cause why said petition shall not be taken as true.

Dated June 12th, A. D. 1914.

Asphyxiating Bullets.

Monsieur Kling director of the Paris municipal laboratory, has invented a pistol that fires a cartridge, or small bomb, charged with certain chemicals. When the cartridge strikes an object the chemicals immediately vaporize and overcome temporarily any person nearby. The pistol is used by policemen and detectives in the capture of desperate criminals. The physician-in-chief at one of the largest hospitals in Paris believes that the new pistol will be of great value in subduing lunatics, alcoholics and other dangerous persons, and, indeed, the pistol has already been tried in the case of such persons with good results. The fumes that it discharges are entirely harmless, but extremely painful, for they blind the victim, nearly suffocating him and make him think that he is about to strangle.—Youth's Companion.

"DIXON"
THE LIGHT RUNNING, HEAVY DUTY LAWN MOWER.
Guaranteed Equal to the Best Made.
Made in Dixon. Boost! It is Dixon. Every lawn in Dixon should have a mower on it. Your dealer should have them. If he has not got them call us and we will supply you.
We wish to draw your attention to a few of the improvements in the Dixon Lawn Mower over all other makes.
First, to the floating bed knife bar which is swiveled on the rod that ties the back end of the mower securely together, and, with the other tie rod at the front makes the most rigid frame to be found in lawn mowers.
You will notice at each back corner of the bed knife a compression spring. These press the cutting edge of the bed knife up against the reel, or revolving knife, always adjusting itself.
We make the Dixon with a thrust ball bearing which is the same as is used in automobiles, making it the best.
The knives throughout are crucible steel. The lower bed knife is crucible lip steel.
The Dixon Mower will cut heavy grass without raising the handle and without lifting up behind and choking.

MINE EXPLOSION KILLS 205 OF 225

Only Twenty Workers Live After
Blast at Hillcrest,
Alberta.

GASES DEAL OUT DEATH

Both Ends of Pit Are Blown Out by
Explosion and Earth Is
Rocked for Many
Miles.

Hillcrest, Alberta, June 20.—An explosion entombed 225 of the 600 coal miners employed in mine No. 39 of the Hillcrest collieries, Ltd. Of the 43 rescued 20 are living. Despite the efforts of the 40 mine experts laboring in the death-dealing gases, no hope of rescuing alive the 182 men yet in the mine is expressed. Thomas Quigley, superintendent of the mine, and Thomas Corkel, official of the miners' union, are among the entombed. It is generally believed the explosion was due to the forming of gases.

Both ends of the pit were blown out and the roof of a concrete building ten yards from the mouth of the pit was blown off and debris scattered for hundreds of yards about. The shock of the explosion was felt at Lethbridge and other nearby towns.

Rescue gangs were organized at once after the explosion and fought their way through noxious gases and tangled wreckage for a short distance where 20 men, most of them burned and mangled, were found alive. Twenty-three bodies were brought to the surface with the living.

Fire is raging in the interior of the mine, which was found to be a chaotic mass of timbers, rocks, wagons, dead men and horses.

Rescue Trains Arrive.
At six o'clock two trains arrived from Calgary, with doctors, nurses and mine experts aboard. They also brought smoke helmets and other special equipment, which expedited the rescue work and made it safe.

The disaster is among the worst in the mining annals of western Canada. The explosion occurred just after a new shift of 225 men had gone to work under Superintendent Quigley, who is believed to be among the dead.

Thomas Corkel, a well-known miners' union official, is also among the missing.

Hundreds of relatives and friends of the miners rushed to the pit mouth immediately after the explosion and waited in silent groups through the long hours of the day and night for word from their loved ones, the women pale and sorrowful, the children weeping, and the men, grim-faced, doing what they could for the rescue of the entombed.

The greater number of miners were in the middle of the workings and had no chance for escape. It is feared that it will take a week to penetrate to the interior of the mine.

Third Disaster of District.

This is the third disaster which has befallen the inhabitants of Crow's Nest Pass. Four years ago 32 men were killed in Bellevue mine by gas, and ten years ago Frank mine was wiped out by the mountain toppling over and 125 men killed.

The Crow's Nest mining district is situated along the main divide of the Canadian Rockies south and west of Calgary and includes some of the largest mines in western Canada. The Hillcrest mine is located almost directly north of the Glacier National park district in northwestern Montana and 163 miles west of Medicine Hat. The mines have been worked for about fifteen years.

Liege, Belgium, June 20.—Two hundred miners were entombed alive when fire broke out in the Viellemarthaye colliery. The fire was caused by an explosion.

When the accident occurred 400 miners were underground, but 200 escaped.

Rescue crews were immediately organized in an attempt to rescue the entombed men.

CALIFORNIAN TO RUSSIA

Washington Report Says G. T. Marye Will Be Ambassador.

Washington, June 20.—George T. Marye of San Francisco will be ambassador to Russia, according to a report from the White House. Mr. Marye was strongly endorsed for the French position but was replaced for the Paris mission by Representative Sharp of Ohio, whose congressional record on the passport question was displeasing to Russia. Marye is of French descent, and has been for many years a traveler and student of international affairs. He had the backing of the entire California delegation and of a number of other senators and representatives for the French post.

SLAYER SHOT BY OFFICER

Murderer of Police Inspector Wounded While Fleeing.

Boston, June 20.—Police Inspector Morton was shot to death in a cafe by Laurence Robinson, whom he tried to arrest on a murder charge. Robinson was cornered after a running fight with the police in the shopping district, in which 50 shots were fired. He was dangerously wounded.

To Those Who Desire to Save

We offer you one of the safest and best forms of saving money—the monthly payment plan.

We issue stock to anybody, every day. Series No. 108 opened March 1st and closes May 31st. All stock issued between these dates draws interest at 6 per cent from March 1st.

Dixon is growing; so is the Dixon Loan and Building Association. Many people desire to buy or build homes and want us to furnish a part of the money. We want to help them out. We are anxious to increase the sale of investment stock, so that we will have more money to make new loans. Our plan appeals particularly to wage earners. We recently abolished the membership fee. There's nothing to pay but the monthly dues, which amount to from 50c to 50 Dollars, depending upon the amount of stock carried. Members can withdraw all the money they have paid in at any time and get in addition, 6 per cent interest for the time we have had it. Nearly 27 years in business, and 62 series of stock paid off in full.
